

Safe Internet Use Agreement for Primary School children

1. I will only go on the internet at the agreed times.
2. I will not pretend to be doing my homework when really I am doing fun things on the internet.
3. I will tell my parents my internet password but will not give it out to anyone else (even my best friends).
4. I will never give my personal information (or anyone else's) out to anyone on the internet without getting approval from my parents first. This includes not sending photographs.
5. If I see something I do not like or that makes me uncomfortable or that I know my parents don't want me to see, I will click on the "Back" button or log off.
6. If I see people doing things or saying things to other children online I know they're not supposed to do or say, I'll tell my parents.
7. I will not fill out any form online that asks me for any information about myself or my family without asking my parents first. This includes registering at a site. I will wait to do this with my parents (it can be fun!).
8. I will check with my parents before downloading or installing software or doing anything that could possibly hurt our computer.
9. I will help my parents understand how to have fun and learn things online (like www.tutpup.com and www.moshimonsters.com) and teach them things I know about the internet and computers.
